ADVANCED CONTROL SYSTEM
Adjustable steering system made by COBO, ITALY

REVERSIBLE OPERATOR POST
Providing good visibility and space

DIGITAL WEIGH BATCHING & LCD
With Inbuilt Printer to track batch report

ANTI-RUST WATER PUMP
Made by Kirloskar

TECHNICAL SPECIFICATIONS :

MODEL	GMAX 4.5
SLM MODEL	GMAX 4.5
Engine Model	KOEL 4R 1190 TA BS IV
Engine Capacity/RPM	110 HP/2200
Drum Unit (Geometrical Volume)	5500 CUM
Drum Output Capacity	4.5 CUM
Max Drum Rotation Speed	0-20 RPM
Tyre Specification	16.0/70-20-16 PR
Net Vehicle Weight	8250 kg
Loading Bucket Volume	750 Liters
Water Tanx Capacity	900 Liters (450 X 2)
Hyraulic Tank Capacity	110 Liters
Fuel Tank Capacity	100 Liters
Vehicle Speed	0-29 KMPH
Water Pump Capacity In LPM	450
Gradient	23°
4 Wheel Drive, Crab Steering	Yes

KEY SALIENT FEATURES :

1. Having 4 wheel drives for easy mobility at construction sites.
2. Hydrostatic transducer based accurate weighing system with printing facility having inbuilt printer.
3. Low operating and maintenance cost.
4. 24 x 7 after sales service support.
5. Compact and cost effective solution.
6. Shorter turning radius.
7. Bucket loading and unloading
